OBJECTIVES :

Detail-oriented B.Tech graduate specializing in AI and Data Science with expertise in Python, C, C++, data structures, web development, and machine learning. Seeking opportunities to apply analytical and technical skills in building efficient and data-driven solutions.

SKILLS :

- Programming: Python, Java, C++, C
- Web: HTML, CSS, JavaScript, MERN Stack
- Database: DBMS, MySQL
- Tools: n8n, UI/UX Design

EXPERIENCE :

1. Hackathon:

- * I had completed my first hackathon at inter-college 24 hrs, then I secured top 10 place.
- * I had completed 2nd hackathon at KIT 36 hrs with our teammates.

2. Full Stack Developer Intern

Arumexa Technologies, Madurai

Duration: [22.05.2026 – 22.06.2026]

- * Designed and developed a comprehensive School Resource Management (SRM) System to streamline academic and administrative operations for educational institutions.
- * Contributed to the end-to-end product development lifecycle, including requirement analysis, UI/UX design, frontend development, backend integration, and database management.

EDUCATION :

B.Tech – Artificial Intelligence and Data Science

KIT - Kalaignar Karunanidhi Institute of Technology, Coimbatore

CGPA: 8.45

Expected in 01/2028

PROJECTS :

Software-as-a-Service (SaaS) Platform

- Tech Stack: Next.js / MERN Stack / Cloud Services
- Developed a scalable SaaS platform with secure authentication and subscription-based service management.

Smartphone Addiction Analyzer

- Tech Stack: Python / Machine Learning / Data Analysis
- Developed a system to analyze smartphone usage patterns and detect signs of excessive usage behavior.

Runtime Breakdown Model

- Tech Stack: Python / Data Structures / Algorithms
- Designed a model to analyze algorithm runtime performance and computational complexity.

Fitness Tracker

- Tech Stack: MERN Stack / React / Node.js
- Built a fitness tracking application to monitor workouts, calories, and health progress efficiently.

ATLYX

- Tech Stack: Next.js
- Developed a user-friendly and admin-manageable Learning Management System (LMS) inspired by Coursera using Next.js. Enabled seamless course management, student enrollment, progress tracking, and interactive learning experiences.

CERTIFICATIONS :

- Operating System Foundations – CISCO
- Cyber Security – CISCO
- Career Management Essentials – IBM SkillsBuild
- Artificial Intelligence Essentials – Coursera

ACCOMPLISHMENTS :

- Achieved Division 3 ranking on CodeChef
- Secured 1400+ rating on CodeChef and LeetCode
- Solved 1000+ problems across rated coding platforms
- Participated in 80+ global competitive programming contests

DECLARATION :

I hereby declare that the information provided in this resume is true and accurate to the best of my knowledge.
